BRUCE W. TURNBULL

BIOGRAPHICAL

Office Address: Department of Statistical Science, and
School of Operations Research & Industrial Engineering
227 Rhodes Hall
Cornell University
Ithaca, NY 14853-3801
(607) 255-9131, FAX (607) 255-9129
e-mail: bwt2@cornell.edu

EDUCATION

Degrees

1967	B.A. Cambridge University (Trinity College - Mathematics)
1970	M.S. Cornell University (Operations Research)
1971	Ph.D. Cornell University (Statistics and Applied Probability)
1973	M.A. Oxford University

EMPLOYMENT
Current Position:

7/84 - present   Professor, Department of Statistical Science, and Professor, School of Operations Research and Industrial Engineering, Cornell University.

Previous Employment:

3/00 -1/02   Chair, Department of Statistical Science, Cornell University.

7/95 - 8/97   Director of Statistics Center, Cornell University

7/87 - 8/88   Acting Director, School of Operations Research and Industrial Engineering, Cornell University

7/83 - 6/86   Associate Director, School of OR&IE, Cornell University

1/76 - 7/84   Assistant then (from 7/78) Associate Professor, School of OR&IE, Cornell University

9/72 - 12/75   Lecturer in Statistics, Mathematical Institute, Oxford. Fellow and Tutor in Mathematics, Jesus College, Oxford

9/71 - 9/72   Assistant Professor, Stanford University. Joint appointment in Department of Statistics and Department of Community and Preventive Medicine (Biostatistics)

TEMPORARY POSITIONS

1/81-2/81   Statistical Laboratory, Macquarie University, Sydney, Australia. and CSIRO, Division of Mathematics and Statistics, Canberra, Sydney and Melbourne, Australia

6/77-8/77, 7/78, 8/80   Mathematics and Statistics Research Department and Biology Division, Oak Ridge National Laboratory.

9/85   China National Center for Preventive Medicine, Beijing, PRC

CLINICAL TRIALS — government and academic

1984-2000   Member, Executive Committee: Randomized Phase III Trial for Nutritional Prevention of Cancer (NPC) with Selenium. Arizona Cancer Center, Tucson AZ.

1993-2003   Member: External Advisory Committee: Women's Intervention Nutrition Study (WINS), American Health Foundation, New York.

1994-2000   Member: Data and Safety Monitoring Committee, Vaccine and Prevention Research Trials, Division of AIDS, NIAID, NIH.

2001-2006   Member: Data and Safety Monitoring Committee, 'Clinical Outcomes using Revascularization and Aggressive Drug Evaluation" (COURAGE), Cooperative Studies Program, Dept of Veterans Affairs.

2003-2006   Member: Data and Safety Monitoring Committee, ARDSnet, NHLBI, NIH.

Currently   Member: External Data Monitoring Committee for

> "Robotic Assisted Upper-Limb Neurorehabilitation in Stroke Patients", Cooperative Studies Program, Dept of Veterans Affairs;
>
> National Lung Screening Trial NCI, NIH;
>
> "Asthma Patient Education in the Emergency Room", Hospital for Special Surgery, New York.

CLINICAL TRIALS — industry

> Various pharma industry trials.

SHORT COURSES

1. Group Sequential Methods for Clinical Trials Given at

   > Spring Meeting, ENAR Chicago (3/00)
   > Society for Clinical Trials, Montreal (4/00)
   > International Biometric Society, Berkeley (7/00)
   > Genentech, Inc., S. San Francisco, (7/00)
   > Takeda Pharmaceuticals, Lincolnshire, IL (11/04)

2. Interim Analyses and Other Multiplicity Problems in Pharmaceutical Trials (with A. Tamhane). Given at various locations (1988-1990)

3. Statistical Analysis of Reliability and Failure Data. Given at various locations (1989-1990) for U.S. Army Research Office.

WORKSHOP CONSULTANT

(i)   Institute for Energy Analysis. "Workshop on Evaluation of Environmental Biological Hazards and Competing Risks." Oak Ridge, Tennessee, September 1977

(ii)   Society of Toxicology and National Center for Toxicological Research. "Biological and Statistical Implications of the ED_{01} Study and Related Data Bases." Mount Sterling, Ohio, September 1981

(iii)   National Institute of Statistical Sciences. "Statistical Issues in Environmental Modeling and Monitoring." Research Triangle Park, NC, December 1991

(iv)   National Science Foundation. "Quality Engineering Workshop", Tucson, AZ, January 1993.

(v)   American Association of Neurological Surgeons and Congress of Neurological Surgeons. "Head Injury Clinical Trials Design Symposium." Washington, DC, April 1994.

(vi)   Oberwolfach Conference on Medical Statistics. "Mathematical Models for Diagnosis and Prognosis", Mathematisches Forschungsinstitut Oberwolfach, Germany, February 1997.

(vii)   Centre de Researches Mathematiques. "Workshop on Event History Analysis", Montreal, Canada, May 1998.

PROFESSIONAL ACTIVITIES

Honors:	Fellow, American Statistical Association (elected 1985)
	George W. Snedecor Memorial Award for the best publication in Biometry for 1978. Presented at Joint Statistical Meetings (American Statistical Association, Institute of Mathematical Statistics, Biometric Society), Washington, D.C., August 14, 1979
Associate Editor:	*The American Statistician*, 1980-85
	Technometrics, 1983-1987
	Statistics in Medicine, 1994–2006.
	Lifetime Data Analysis, 1999–2004.
Book series editor:	Chapman & Hall/CRC Biostatistics series 2007–.
Chair:	Biometrics Section, American Statistical Association, 1994.
Program Chairman:	Biometric Society (ENAR). Annual National Joint Statistical Meetings, Las Vegas, Nevada, August 1985
	American Statistical Association Representative to COPSS Snedecor Award Committee, 1995-1998.
Chairman:	Advisory Board of the Biometric Society (ENAR), 1986-88 (Member 1980-82)
Member:	Board of Directors, National Institute of Statistical Sciences 1991-3

Member:	Technical Reports Peer Review Subcommittee, Board of Scientific Counsellors, National Toxicology Program, 1984-86.
Speaker:	Visiting Lecturer Program, sponsored by Committee of Presidents of Statistical Societies, 1984-86.
Affiliations:	American Statistical Association The Biometric Society Institute of Mathematical Statistics Royal Statistical Society Institute for Operations Research and the Management Sciences

Reviewer for NIH, EPA, NSF, Research Council of Canada

Referee for *Annals of Statistics, Biometrics, Biometrika, Journal of the American Statistical Association, Journal of Applied Probability*, and other professional journals

RESEARCH GRANTS AND CONTRACTS

9/77-2/79	Co-Principal Investigator (with T.J. Santner), National Science Foundation (NSF) Grant No. ENG75-10487 A02. "Statistical Procedures for Analyzing Data from Reliability and Life Testing of Engineering Systems" ($29,400)
12/77	National Research Council Travel Grant to attend 4lst Session of International Statistical Institute, New Delhi, India ($1,400)
2/78-1/81	Principal Investigator, HEW Public Health Service Grant No. R23 E01714. "Statistical Methods for Environmental Health Studies" ($150,000)–"Young Environmental Health Scientist Award"
8/78-1/80	Co-Principal Investigator (with L.W. Schruben) NSF Equipment Grant No. ENG78-10437. "Equipment for Remote Computer Access" ($17,325)
2/81-1/95	Principal Investigator, DHSS Public Health Service Grant No. R01 GM28364 "Statistical Methods for Health Studies"
8/88-6/97	Co-Investigator, DHSS Public Health Service Grant No. R01 CA49764 "Clinical Trial for Prevention of Non-Melanoma Skin Cancer" (Principal Investigators Dr. Larry Clark, Dr. James Marshall)
9/93-2/97	Principal Investigator, DHHS Public Health Service Grant No. R01 CA61120 "Longitudinal Statistics for Biomarkers of Cancer"
2/95-12/09	Principal Investigator, DHSS Public Health Service Grant No. R01 CA66218 "Statistical Methods for Cancer Research"

UNIVERSITY COURSES TAUGHT

Applied Statistical Methods; Basic Engineering Probability and Statistics; Statistical Principles; Mathematical Statistics; Multiple Regression and Analysis of Variance; Analysis of Reliability and Life Data; Survival Analysis; Experimental Design; Sequential Analysis; Decision Theory; Statistical Quality Control; Analysis of Longitudinal Data.
